Education

Pimpri Chinchwad College of Engineering and Research

2021 - 2025

B.E in Computer Engineering

8.04/10 CGPA

Higher Secondary : Pemraj Sarda College

2019 - 2021

Computer Science

91.8 %

Work Experience

GeeksforGeeks

Nov 2023 – Feb 2024

Technical Content Writing Internship

Remote

- Contributed Articles on MongoDB, Nextjs ,Bootstrap and Pl/SQL
- The article [Modify Schema Validation in MongoDB](#) ranked 43rd in [Geeks Premier League 2023](#)
- Improved articles, enhancing clarity and engagement, resulting in higher quality and reader interest.

Projects

Jobify app using Next.js,React Query, Shadcn, and Prisma

[Source Code](#)

- Implement user authentication and authorization using Next.js authentication libraries and secure user management and data access.
- Develop a detailed view for each job listing with key information such as job description, requirements, and application instructions, utilizing Prisma for data retrieval and secure backend operations
- Developed responsive job listing page with Next.js for navigation and React Query for data fetching..
- - Implemented job application tracking with React Query for real-time updates and Shadcn for secure storage.

Chat App using React , Firebase

[Source Code](#)

- * Developed a chat application using React framework, providing a seamless user experience.
- * Implemented user authentication functionality using Firebase, which ensures secure sign-in, log-in, and log-out processes.
- * Utilized **Firebase storage** feature to enable users to upload images within the application.
- * Utilized **Firestore Database** to handle real-time data updates, making retrieving and sending information quickly during chats easy.

Next Storefront using Nextjs, Shadcn,Supabase, Prisma

[Source Code](#)

- * Implemented real-time inventory updates with Supabase and Next.js for accurate product availability tracking.
- * Implemented responsive design using Next.js for optimal user experience across desktops, tablets, and mobiles.
- * Implemented robust search functionality with filtering options (e.g., by category, price range) using Supabase for data querying and Next.js for seamless frontend integration, improving product discoverability.
- * Integrated customer reviews with Prisma for data management and secure backend operations..

Technical Skills

Languages: Java, C++, Python, JavaScript

Backend: Node.js, Express.js

Frontend: React, TailwindCSS, HTML, CSS, Bootstrap

Clouds & Databases: AWS, MySQL, MongoDB

Certifications

Certifications:

1. AWS Cloud Foundation
2. MKCL Certified C Programmer
3. Javascript Essential Training
